

# PRESS RELEASE

---

**For Immediate Release**

**June 30, 2010**

**Contact: Jason Lisovicz, 281.897.7752**

**Tony Albanese, Terminal Sales Manager**

DBCI of Douglasville, GA, a division of NCI Group Inc., proudly announces the creation of its newly formed Commercial/Terminal Sales initiative. This new focus will be led by Tony Albanese, a 25 year veteran of the construction industry with 15 years specifically dedicated to commercial building construction. The initiative will service all current Commercial/Terminal Sales accounts and work to identify other regional and national accounts where DBCI holds a competitive advantage in both service and quality over traditional Commercial/Terminal facility door options.

Tony was hired in 2004 as a Project Manager. In 2006, he was promoted to Installation Manager and has now assumed the newly created position of Terminal Sales Manager. For more information about terminal sales, contact Tony Albanese at 800.542.0501.

DBCI is a leader in designing and manufacturing commercial-grade steel curtain roll-up doors and self-storage solutions. DBCI maintains its success by focusing on the key components of business: quality, product development and service. For more information: [www.dbci.com](http://www.dbci.com).
